

PRACTICE MAKES PROFIT

WHERE YOU
HANG A SHINGLE
CAN AFFECT
THE JINGLE

THIS SUMMER THE ABA, along with Glassdoor, Salary.com, LawyerEdu.org and the National Association for Law Placement, published statistics about attorney salaries by practice area. And the makers of Practice Panther law practice management software combined the data to create this list. They suggest it might be useful to law students debating which practice area to choose. (It can also bring joy or jealousy to those already in a certain area.)
